PLAN TO ATTEND
The All American Sale at Springfield, Illinois
Monday, October 28th, 1963
AND BE WITH US TUESDAY, OCTOBER 29, 1963

COOPER FARMS is just off State Road 32, 5 miles East of Noblesville at Durbin. It is 15 miles East to Anderson.

KINGS CROWN INN is just North of the White River Bridge on State Road 9, also called Jackson Street.

THE ANDERSON COUNTRY CLUB is North on Madison Avenue, first turn after crossing White River Bridge. To go from Kings Crown Inn to Anderson Country Club go South to Third Street, then West 9 blocks to Madison Avenue, turn North to first road East after crossing the bridge.

A Message From Mr. Cooper...

I have spent many years accumulating and developing my herd of Polled Shorthorns at Cooper Farms. Until last fall I was still planning to make it bigger and better. I was looking forward to spending more time with the cattle and more time with the good people who breed Polled Shorthorns and Shorthorns. However, my illness of last November and the accompanying surgery have caused me to change my plans and forced the decision to put the cattle in stronger hands. It is, therefore, with deep regret that I have decided on this dispersion.

Since I have never had a production sale all my own, I think of this sale as both a production sale and a dispersion. I want every person who buys any of these cattle to prosper from his purchase and to be happy with what he has bought. It seems obvious to me that I should sell the cattle with specific guarantees.

Mrs. Cooper and I would like to visit with as many of our friends as possible, and we are having an open house at the Anderson Country Club from six-thirty on Monday evening, October 28th. We hope that all of you who plan to attend the sale can come. If you are driving from Springfield and are a little late, come anyway.

© **TRINITY CONSTRUCTOR 3D 2952-538.** Through the years we have used three different great Shorthorn bulls. The last of these was Trinity Constructor 3D. We did this to infuse into our Polled herd some of the best Shorthorn blood available. Trinity Constructor 3D is a three quarter blood brother to W. C. Anderson & Son's Louada Aristocrat that sired the 1962 All-American Shorthorn Senior Get, and to the Browns of Kentucky's Louada Regalia whose Shorthorn junior get was undefeated in 1962. If you need some of this blood in your herd, we recommend these lots sired by Trinity Constructor 3D — 20, 21, 22, 24, 25, 41, 42, 44, 46, 52, 68, 75, 78, 81, 91, 110, 120, 128, 139 and 140.

A Message From The Sale Manager . . .

I have known the Cooper Farms' Polled Shorthorn Herd since the first female was purchased from Leemon Stock Farm, Hoopeston, Illinois, and the next from H. C. Rose, Rossville, Indiana, twenty-three years ago. Since then Mr. Cooper has purchased seed stock from most of the major breeders in the country, both of Shorthorns and Polled Shorthorns to make this one of the largest and most outstanding herds of the breed.

The best of herd sires have been used; cows have been closely culled and only the most productive retained; the cattle have been shown very successfully at major exhibitions; many of the female winners have been retained and are being sold. You may buy them, develop them and show them as Mr. Cooper planned. They should take you to the top.

© OAKWOOD LANCER x3087-432. A year ago last July I was looking for the best Poiled Shorthorn Bull that could be had. I was told by two great cattlemen whose judgment I respect that Oakwood Lancer x was the best. I went to Oakwood to buy a one-half interest but found that only a one-third interest was available. I did, however, contract with Oakwood to have possession of the bull 50% of the time. This contract will be assigned to the purchaser in this sale. Oakwood Lancer x was great when he was made International Grand Champion. He looks even better today, in fact, he looks ready to walk into a show ring with the best. We have some outstanding calves by him and one of my greatest disappointments is that I will not have the opportunity to develop these calves.
